

The Gnomes

The Gnomes

Gnomes have lived among us for centuries, but humans do not seem to have noticed them yet. Do you want to know all about their secrets, hats, beards, and the reasons why they strongly defend nature, why trolls just cannot stand them, or why they are always in a good mood? David Junior and his friends from the great sequoia academy will help you figure it out.

1x90' / Adventure Comedy / CGI
